

ALTOZ[®]

ALWAYS AHEAD[®]

ZERO-TURN MOWERS

DO MORE. **GO FURTHER.**TM

OUR MOWERS ARE A REVOLUTION.

Cutting-edge design delivers premium performance with exceptional comfort, reliability, and ease of use. Everything we do is a commitment to our vision of what mowers should be.

TRX SERIES

When you find yourself in the rough.

TRX ▶ 766

The all-new SmarTrac™ Pro control represents a leap forward in technology: a solid-state PTO switch with lifetime warranty, keyless push-to-start ignition switch and the patented SoftStart clutch control that decreases mechanical wear and significantly increases deck belt life.

The **TRX 766** features a powerful and efficient 37 hp EFI engine to maximize overall performance, fuel economy and provide reliable starting.

TOUGH TRACKS TREAD LIGHTLY

The patent-pending TRX rear torsion axle track system delivers maximum traction for stability and low ground pressure for minimal compaction.

TRACK OPTIONS

All-terrain Tracks are ideal for side hilling, mud and rough areas other mowers can't reach. Optional Turf Tracks are less aggressive and perfect for soft ground, rolling hills and sensitive terrain.

DUAL FUEL TANKS

Two 7-gallon tanks mean fewer stops for refueling

FOLDABLE PROTECTION SYSTEM

Our roll-over protection system can be easily folded down to avoid low hanging limbs.

The optional All-terrain Deck is constructed of heavy-duty, reinforced steel with six swing blades and a sloped back rear discharge that efficiently processes material. Industry-exclusive pivoting blades are forged and heat-treated for exceptional, long-lasting sharpness.

The TRX's TorqFlex™ front suspension and rear torsional track suspension work together to bridge uneven terrain, delivering stability, a smooth ride and reduced operator fatigue.

TRACK BENEFITS

The TRX's tough tracks bridge smoothly over uneven terrain and provide a more comfortable ride than wheeled machines on rough ground.

Combined with our suspension system, the 12-way adjustable high-back suspension seat with arm rests delivers the industry's smoothest ride.

Shown with All-terrain Deck

EXCLUSIVE DECK OPTIONS

Equipped with Altoz's exclusive 66" All-terrain Deck for rough cutting or 66" Aero Deck cutting system with adjustable baffles for a professional finish cut.

The dual range Hydro-Gear ZT-5400 transmission efficiently transfers power from the engine to the track system and takes you to a top speed of 11 mph.

WET AREAS

More control for mowing around water features, ditches and low areas.

SLOPES

Mow slopes safely with high traction and minimal compaction.

TALL GRASS & UNRULY TERRAIN

Reclaim your property and tame even the harshest terrain.

Heavy-duty, commercial Hydro-Gear® ZT-5400 dual range transmissions. Planetary final drive gear reduction delivers maximum torque and durability.

Not all features are available on all models. Check the specifications table or ask your dealer for details.

Patent-pending track system

Shown with All-terrain Deck

TRX ▶ 561

The **TRX 561** is an ideal solution for municipalities, golf courses, schools and lawn care professionals.

TRACK OPTIONS

All-terrain Tracks are ideal for side hilling, mud and rough areas other mowers can't reach. Optional Turf Tracks are less aggressive and perfect for soft ground, rolling hills and sensitive terrain.

The all-new **SmarTrac™ Pro** control represents a leap forward in technology: a solid-state PTO switch with lifetime warranty, keyless push-to-start ignition switch and the patented SoftStart clutch control that decreases mechanical wear and significantly increases deck belt life.

FLAT-FREE FRONT TIRES

Power through the harshest conditions, even rough terrain and sharp debris, with flat-free tires and rear-mounted track system.

TORQFLEX™ SUSPENSION

TorqFlex front suspension delivers stability, a smooth ride and reduced operator fatigue.

Tapered heavy duty caster bearings with a 1-1/4" shaft, combined with a 3/8" thick steel front wheel fork ensure lasting performance in demanding environments.

Our exclusive Aero Deck is .270-inch fabricated steel and features fully adjustable baffles enabling you to customize your cut to various grass conditions. TRX 561 shown below.

TRX ▶ 354

With its standard Turf Tracks, the capable **TRX 354** is ideal for multi-acre homeowners, outdoorsmen & farmers.

TURF TRACKS

Turf Tracks are perfect for soft ground, rolling hills and sensitive terrain.

Combined with our suspension system, the 12-way adjustable high-back suspension seat with arm rests delivers the industry's smoothest ride.

TOUGH TRACKS TREAD LIGHTLY

The patent-pending TRX rear torsion axle track system delivers maximum traction for stability and low ground pressure for minimal compaction.

INCREASED VISIBILITY

Low-profile front frame viewpoint allows for improved operator sight.

AERO DECK CUTTING SYSTEM

Equipped with Altoz's exclusive Aero Deck available as a 54" Finish Deck with adjustable baffles.

FLAT-FREE FRONT TIRES

Power through the harshest conditions, even rough terrain and sharp debris, with flat-free tires and rear-mounted track system.

Kawasaki™ FX 4-stroke engines are available in 31 hp (TRX 561) and 27 hp (TRX 354).

The Altoz Independent Front Suspension (IFS) smooths out rough terrain for superb comfort and control. Available as an accessory on TRX 354 models.

Optional Turf Tracks

Shown with All-terrain Tracks

AERO DECK™ CUTTING SYSTEM

Equipped with Altoz's exclusive Aero Deck available as a 61" Finish Deck.

SLOPES

Mow slopes safely with high traction and minimal compaction.

WET AREAS

More control for mowing around water features, ditches and low areas.

TALL GRASS & UNRULY TERRAIN

Reclaim your property and tame even the harshest terrain.

Not all features are available on all models. Check the specifications table or ask your dealer for details.

XC SERIES

*With a powerful and dynamic design, you get
comfort and unmatched performance.*

XC SERIES

HEAVY-DUTY CHASSIS

Our C-channel frame is laser-cut and welded from heavy gauge steel for maximum strength and rigidity.

IMPRESSIVE ENGINE OPTIONS

The XC is available with powerful engine options, including Kawasaki and Vanguard.

The powerful, high-performing **XC Series** delivers a premium cut you can be proud of.

BUILT FOR SPEED

With a top transport speed of 19 mph, the Altoz XC series can get the job done...fast.

DUAL FUEL TANKS

Two 7-gallon tanks mean fewer stops for refueling.

POWER DECK LIFT

Conveniently located steering lever mounted control allows for quick and easy deck height adjustments without having to take your hand off the steering lever.

EASY ACCESS

Deck step with raised metal traction plate.

INCREASED VISIBILITY

Low-profile front frame viewpoint allows for improved operator sight.

AERO DECK™ CUTTING SYSTEM

Our exclusive Aero Deck is .270-inch fabricated steel and features recessed anti-scalp wheels and fully adjustable baffles for a professional-grade cut every time. Available in 61" and 72" deck sizes.

SmarTrac™ Monitoring System features a tachometer and resettable hour meter, with alerts for low oil pressure and overheating.

RIDER COMFORT

4-Point Engine Isolation System (EIS) isolates and absorbs engine vibrations for greater rider comfort. 6-Point Vibration Isolation System (VIS) isolates seat and foot wells protect rider from ground vibrations.

The TorqFlex™ suspension system glides over tough terrain and isolates chassis and rider from ground chatter for greater rider comfort.

Combined with our suspension system, the 12-way adjustable high-back suspension seat with arm rests delivers the industry's smoothest ride.

Heavy-duty, commercial Hydro-Gear® ZT-5400 dual range, smooth-running transmissions.

XP HD **SERIES**

*Zero turn. Zero compromise.
Engineered to deliver maximum performance
in demanding conditions.*

XP HD SERIES

IMPRESSIVE ENGINE OPTIONS

The XP HD is available with powerful Kohler and Kawasaki engine options.

FOLDABLE PROTECTION SYSTEM

Our roll-over protection system can be easily folded down to avoid low hanging limbs.

EXTENDED OPERATION

14-gallon fuel capacity provides extended cutting time.

DECK HEIGHT ADJUSTMENT

Rotational deck height adjustment changes cutting height setting with the turn of a dial.

RUGGED CHASSIS

C-channel frame for strength, durability, and ultimate control.

The **XP HD Series** is engineered for reliability and a precise cut, designed for people who rely on their equipment to deliver nothing less than perfection.

RIDER COMFORT AND CONVENIENCE

12-way adjustable high-back suspension seat with arm rests delivers the industry's smoothest ride. A 12-volt power outlet, device storage compartment and cup holder provides rider convenience.

Suspension seat appearance may vary based on model.

Commercial-grade Hydro-Gear® 4400 transmissions ensure smooth, reliable and responsive operation.

The all-new SmarTrac™ Pro control represents a leap forward in technology: a solid-state PTO switch with lifetime warranty, keyless push-to-start ignition switch and the patented SoftStart clutch control that decreases mechanical wear and significantly increases deck belt life.

Tapered heavy duty caster bearings with a 1-1/4" shaft, combined with a 3/8" thick steel front wheel fork ensure lasting performance in demanding environments.

Our exclusive Aero Deck™ is .270-inch fabricated steel & features fully adjustable baffles enabling you to customize your cut to various grass conditions. Available in 54", 61", 66" & 72" widths.

Heat-dissipating aluminum deck spindle housings with four sealed bearings per spindle operate at lower temperatures for extreme strength and durability.

24" TIRES

ANTI-SCALP WHEELS

Recessed and adjustable.

XE SERIES

Heavy on performance. Big on value.

XE ▶ SERIES

The **XE Series** is rugged, reliable and built to endure.

RIDER COMFORT

Comfort seat with high back, arm rests and fore and aft adjustment. The XE SS model comes equipped with a 12-way adjustable suspension seat.

RUGGED CHASSIS

C-channel frame rails with formed, laser-cut and welded heavy-gauge steel for maximum strength and rigidity.

LOW IMPACT

Tires designed to lessen terrain impact and provide a smoother ride.

Commercial-grade Hydro-Gear® 3200 transmissions ensure smooth, reliable and responsive operation.

Our roll-over protection system can be folded down easily to avoid low hanging limbs.

DUAL FUEL TANKS

Two 5-gallon fuel tanks mean refueling less often.

INCREASED VISIBILITY

Low-profile front frame viewpoint allows for improved operator sight.

Our exclusive fabricated steel Aero Deck™ features anti-scalp wheels and fully adjustable baffles to customize your cut for various grass conditions. Available in 54" and 61" widths.

The Altoz Independent Front Suspension (IFS) smooths out rough terrain for superb comfort and control. Standard on SS model; available as an accessory on other XE models.

Not all features are available on all models. Check the specifications table or ask your dealer for details.

The XR Series is the perfect mower for discerning homeowners who take as much pride in their equipment as they do in their lawn.

PRECISE HANDLING

Cut with speed and precision around trees, flowerbeds and other obstacles with the XR's responsive and adjustable steering.

INCREASED VISIBILITY

Low-profile front frame viewpoint allows for improved operator sight.

Shown with optional Altoz Independent Front Suspension

AERO DECK™ CUTTING SYSTEM

48" or 54" signature Deep-Deck design with adjustable baffles creates optimal vacuum for maximum grass lift, resulting in an exceptional cut.

BUILT TO COMMERCIAL STANDARDS

With its laser-cut steel chassis, fabricated cutting deck and heat dissipating deck spindles, the XR is built to perform.

IMPRESSIVE ENGINE

The XR is available with a 23 hp Kawasaki engine to tackle tough jobs.

Hydro-Gear® ZT-3100 transmission for smooth handling and reliability.

The XR SS features a double arm adjustable coil spring over gas shock front suspension. Standard on SS model; available as an accessory on other XR models.

XR SERIES

*Driven by passion.
Powered by performance.*

ACCESSORIES

COLLECTION SYSTEM WITH DUMP BOX

Large-capacity collection system is an effective and efficient way to collect grass clippings and leaves. The dump box hopper holds up to 12 cubic feet and allows the operator to release contents right from the mower seat.

HITCH & RECEIVER HITCH KITS

Our standard hitch features a 5/8" opening for drop pin (available for all models). Our super-strong receiver hitch features standard 1-1/4" x 1-1/4" trailer hitch receiver.

LAWN STRIPING KIT

Stripe or create more complex patterns in the lawns you mow. Includes flexible rubber striper and all mounting hardware.

Operator-controlled discharge cover allows you to open and close the outlet quickly while mowing.

Lighting kit includes 2 LED lights built in an aluminum, shock-proof, waterproof casing. Each light provides 950 lumens with a spot beam of 25 degrees.

UTILITY PLOW / SPREADER

Hydraulic utility plow with 7-gauge trip frame superstructure; features an adjustable 72" moldboard with 48" trip frame. Spreader is ideal for light rock salt, fertilizers and fine material grade applications.

Available for TRX 766 only.

LARGE-CAPACITY COLLECTION SYSTEM

Large-capacity collection system is an effective and efficient way to collect grass clippings and leaves. Capacity of 15 cubic feet on TRX, XC and XP HD models; 10 cubic feet on XE and XR models.
