TSX	561 models (61")	2500682

Aero Deck™ Finish Deck

## Deck Wing Extension **NEW**

Take your mowing capabilities to the next level with this innovative attachment, designed to work seamlessly with your 66" deck. Gain 25% more coverage and significantly reduce man hours when tackling larger, open areas and areas you could not cut with other equipment.

- Adds 16" of additional cutting width (82" total), increasing productivity and reducing cut time.
- Wing flexes up to follow contour of the ground.
- Features a large-diameter, flat-free, rear swivel guide wheel with greasable bearing.
- Locking transport position to reduce width while trailering (clutch should NOT be engaged when wing is in transport position).
- Greaseable steel deck spindle with low-lift, hardened steel straight blade for durability.
- Spindle guard protects spindle bearing and seal from grass wrapping, for increased spindle life.

Application: Mounts on all TFX 766 models. Mounts on left hand side of deck on all TRX 766 All-Terrain decks with removable side inspection plates.

Series		p/n
TFX / TRX	766 (see applications above)	2530000

## Counter Rotation RH Deck Spindle Kit

The Altoz TRX 766 i Counter Rotation RH Deck Spindle Kit enhances your 2025 and later All-Terrain deck by increasing efficiency and productivity.

- Increases cutting efficiency by processing material more effectively using less horsepower, resulting in less fuel consumption and longer belt life.
- Improved cut quality and better disbursement of cut material.
- Double-edged blades can be rotated between spindles for longer blade life.
- Fast and easy installation - the deck is pre-drilled for fast, easy kit attachment.
- Kit includes all components for conversion to counter rotating right spindle.
- Can be used with deck wing extension kit.

Series		p/n
TRX	2025 and later 766 models	2500804

## Spindle Guard Kit

The spindle guard kit protects the mower deck spindles and helps prevent debris from wrapping around the spindles. Available for TSX, TRX and TFX All-Terrain deck mowers. One kit is needed for each deck.

Series		p/n
TSX / TRX All-Terrain	561 / 766 models	2500715
TFX All-Terrain	766 models	2500715

## TerraFlex® Tracks **NEW**

TerraFlex commercial-grade tracks are forged from molded all-natural vulcanized rubber around continuous steel cables, ensuring unparalleled strength and flexibility for durability in rough terrain. The tread patterns are engineered for traction, stability and a smooth ride in challenging conditions. The interior drive side is engineered for flexibility.

Part number and price shown is for a single track. Two tracks needed for each mower.

### TerraFlex® AT Track

	<i>Sprocket Set and Axles</i>	<b>2001784</b>
TRX 610	<i>TerraFlex AT Track Conversion Kit (includes 2 tracks, Sprocket Set and shorter axles)</i>	<b>2500870</b>
	<i>TerraFlex AT Track only (each)</i>	<b>5500107</b>
	<i>Sprocket Set and Axles</i>	<b>2001260</b>
TRX 660	<i>TerraFlex AT Track Conversion Kit (includes 2 tracks, Sprocket Set and shorter axles)</i>	<b>2500871</b>
	<i>TerraFlex AT Track only (each)</i>	<b>5500107</b>
	<i>Sprocket Set and Axles</i>	<b>2001799</b>

Conversion Kits include: idler carrier with wheel scrapers and axles designed specifically for TerraFlex tracks

## TerraFlex® Tracks, Sprockets and Torsion Axle Conversion Kits **NEW**

Convert the track system on a previous model to the TerraFlex AT Tracks. All parts needed for conversion are included in the conversion kit.

Series		p/n
TSX 561 (2024 & Prior)	<i>TerraFlex AT Track Conversion Kit (includes 2 tracks, Sprocket Set and complete Torsion Axle Assembly)</i>	<b>2500864</b>
	<i>TerraFlex AT Track only (each)</i>	<b>5500106</b>
TRX 766 (2024 & Prior)	<i>TerraFlex AT Track Conversion Kit (includes 2 tracks, Sprocket Set and complete Torsion Axle Assembly)</i>	<b>2500872</b>
	<i>TerraFlex AT Track only (each)</i>	<b>5500107</b>
	<i>Sprocket Set (set of 2)</i>	<b>2001801</b>
	<i>Torsion Axle Assembly</i>	<b>2001641</b>

## Track Tension Shim Kit

Maintaining the recommended track deflection is imperative to the life and functionality of the track, and to the operation of the transmission. Shim kits include a variety of different shims to achieve the proper deflection.

Series		p/n
TRX	354 model	2500462
TSX / TRX	561 / 610 / 660 / 766 models	2500685

Shim Kit (pn 2500685) shown

## Idler Wheel Kit

Center idler wheel kit increases the track's footprint and the down pressure in the middle portion of the track, resulting in reduced turf impact and a smoother overall ride.

Application: For TRX 354 models with an idler wheel carrier that has a hole in the center for a third axle; for models without the hole in the idler wheel carrier, order two (2) Idler Wheel Carriers (p/n 1201055-540) to facilitate the third axle.

Series		p/n
TRX	354 model	2500669

Idler Wheel Kit

## TRX Debris Shield Kit

**Rear Debris Shield** - This debris shield adds 10" of protection to undercarriage components. Made with thick high density poly material.

Series		p/n
TRX*	610 / 660 / 766 models	2500384
TFX*	766 models	2500384

Rear Shield

**Deck Debris Shield** - This debris shield adds 23" of protection to undercarriage components. Made with thick high density poly material.

Series		p/n
TRX*	610 / 660 / 766 models	2500383

Deck Shield

**Deck Debris Shield with Side Shields** - This debris shield adds 34" of protection to undercarriage components and side shields to keep debris from entering track drive. Made with thick high density poly material.

Series		p/n
TRX*	766 AT model	2500694

Debris Shield with Side Shields

\*Compatible with All-Terrain decks only

## Slope Meter

Easy-to-read slope meter takes the guess work out of slope gradient assessment.

Series		p/n
XR/XE/TRX/TFX XP SSi/XC SSi	All models	2500439

## Utility Plow

Hydraulic utility plow with 7 gauge trip frame superstructure. Features an adjustable 72" moldboard with 48" trip frame.

- Powerful all-hydraulic control quickly adjusts plow lift and angle. Hand-held controller with illuminated buttons allows for one hand control of the plow from the driver's seat.
- 6" reversible cutting edge extends life and allows even wear.
- Adjustable shoes intended for snow plow.

Plow Kit includes snow plow, all wiring, mounting brackets and hardware.

Series		p/n

	561 / 610 models	2500323
	660 / 766 models	2500324
	720 models	2500440

\*Not compatible with TRX All-Terrain decks. Fits Side Discharge Finish Decks only.

## Collection System

Large-capacity collection system is an effective and efficient way to collect grass clippings and leaves.

- Capacity of 10 cubic feet (8 bushels) on XR, XE and TRX (354 model), 15 cubic feet (12 bushels) on XP, XP HD, XP SSi, XC, XC SSi and TRX models (excluding TRX 354 model).
- Heavy-duty large diameter wheel with five 7-gauge fan blades rotate on ball bearings.
- Angled and reinforced leading edge blower housing.
- Convenient tool-free mounting hardware for quick and easy one-person installation and removal.

Kit includes bags, frame, blower, mounting hardware, receiver hitch and front weights. NOTE: Front Receiver Hitch Kit (p/n 2500290-550) is required for XR SS and XE SS models, or if front suspension kit is installed.

## TFX Fender Kit **NEW**

Designed specifically for Altoz TFX Tracked Mowers, this precision-fit fender kit is engineered to integrate seamlessly with the TFX chassis and track system.

- Enhanced Operator Protection – Helps shield the operator from mud, debris, rocks and moisture thrown by the tracks during operation.
- Heavy-Duty Construction – Built from durable, impact-resistant materials to withstand demanding commercial mowing and rugged terrain.
- Clean, Professional Appearance – Maintains the aggressive, purpose-built look of the Altoz TFX while adding functional protection.
- Bolt-On Installation – Designed for straightforward installation using existing mounting points (no major modifications required).
- Commercial-Grade Reliability – Built to meet the expectations of landscaping professionals, municipalities and fleet operators.

Series		p/n
TFX	<i>All models</i>	2500880

## Flat-Free Tire

Save time and money when you don't have to stop for a leaking tire. Altoz flat-free tires keep your mower rolling over the toughest conditions, and have the feel of a pneumatic tire without ever going flat.

Part number and price shown is for a single tire and rim assembly. Two needed for each mower.

## Gator Mulching Replacement Blades

Authorized Altoz replacement blades are designed for superior grass processing whether you are mulching, side discharging or bagging. Gator Mulcher G6 blades feature Fusion Technology (ultra-hard tungsten carbide layer on the cutting edge) for superior longevity and cut quality, even in the most punishing conditions.

Gator Mulcher G3 blade with 5/8" bore can be used on TRX 354, XR, XE, and XP Z/XP S models.

Gator Mulcher G6 blade with 15/16" bore can be used on XP HD, XC, TRX, and TSX finish cut models (excluding TRX 354).

Part number and price shown is for a kit of three blades. Three blades required for each mower.

Series		p/n

## Mower Lift **NEW**

---

The 750 XT Lift provides a safe and convenient solution for lifting your Altoz machines for tasks like blade maintenance, deck maintenance and more. Featuring a screw jack and safety-lock pin system, it ensures stability and prevents equipment from slipping during maintenance. The lift can be raised using a drill and folds flat for easy storage.

- Lifting capacity: 750-lbs. (lifting the front of the mower, not the total mower weight)
- Lifting height: 25 in.
- Wheel span measurement: 31.5 in. to 62.5 in. outside front wheel measurement
- Easily lifted with one hand or a power drill
- Folds flat for easy, compact storage

Series		p/n
All Series	All Models	2900803

## 44" All-Terrain Deck

Equipped with swing blades, the 44" All-Terrain Deck is perfect for taming trails, ditches, and reclaiming overgrown areas.

- 44" cutting width
- 2-Spindle counter rotating design
- Hydraulic height and angle adjustments controlled by proportional switches
- Four swing blades absorb impact when contacting solid objects
- 7-gauge laminated steel deck for long-lasting durability
- Flat-free front single caster wheel

p/n

1060004

## 61" All-Terrain Deck

Power through rough terrain, tackle slopes and roadsides and reclaim overgrown areas.

- Articulating front torsion axle allows the deck to follow the terrain, maintaining cut quality on uneven ground - **NEW**
- Upgraded dual rear fold-out jack stands replace the single stand design, offering enhanced stability, strength and reliability - **NEW**
- 61" (3-spindle swing blades)
- Counter rotating right-hand spindle
- Laminated steel deck
- Six pivoting swing blades forged and heat-treated for exceptional, long-lasting sharpness and durability
- Proportional fingertip hydraulic deck height and angle adjustment with float position to follow ground contour
- Flat-free caster tires provide ability to follow contour of the ground

p/n

1060012

## Power Angle Broom

Ideal for year-round debris removal from sidewalks and recreational areas.

- 48" straight, 44" angled broom width
- Belt-driven hydraulic pump to allow for rotational speed control and reversing rotation of broom
- Angle left, right or straight with the touch of a button
- High-performance drive motor by Eaton
- Unique high quality wear-resistant polyester wafer bristle design for efficient sweeping
- Adjustable caster wheels

p/n

1060003

# SWITCH > ATTACHMENTS

## Snow Blower

Quickly and efficiently clear snow from sidewalks, driveways or anywhere there's snow.

- 44" width
- 2-stage, belt driven
- Hydraulically-adjustable chute rotation and electrically-adjustable chute angle.
- Raise, lower and float positions controlled by proportional switch

p/n

1060002

## Drop Spreader

Make quick work of sidewalks and pathways, with precise coverage drop from 30" to 36" spread width.

- Coverage pattern is easily adjusted from 30" to 36"
- 2.5 cu ft, 350-lb capacity
- Variable-speed control
- Pair with the Snow Blower, V-Plow, Straight Blade, or Power Angle Broom to complete two tasks at once
- Requires Rear Attachment Mount (p/n 2520003), sold separately

p/n

2530002

## Spray Tank Kit

Choose a 4' wide spray pattern brine boom or an 8' wide spray pattern chemical boom—or both—to suit your needs. The brine boom ensures thorough coverage for deicing applications, while the chemical boom is ideal for pesticides, herbicides and liquid fertilizers.

- 25-gallon tank with sump
- Remote on-off control
- Adjustable boom height
- 4-gpm pump
- Includes tank, pump, regulator, wire harness and hand wand kit
- Choose 4' wide spray pattern brine boom, 8' wide spray pattern chemical boom, or both
- Hypro multi-stream nozzles
- Requires Rear Attachment Mount (p/n 2520003), sold separately

4' Wide Spray Brine Boom

## V-Plow

---

Move snow and light aggregate quickly and efficiently.

- 50" blade width (44" width in V-position)
- Can be angled left, right, scoop or V-position, or used as a straight blade with easy hydraulic adjustment
- Adjustable depth guides to modify blade height
- Hydraulic lift arm, controlled by proportional switch, allows blade to float and follow ground contour or apply down pressure for scraping
- Cutting edge features adjustable trip tension
- Adjustable skid shoes to modify blade height
- Replaceable hardened steel wear edge and shoe assembly
- Optional accessory snow flap (shown)
- Optional accessory side wing extension kit increases blade width to 60" (52" width in V-position)
- Additional accessories for the V-Plow are shown on pages 10 and 11

p/n

1060000

## Straight Blade

---

Handle snowbound walkways and light-duty dirt and gravel with ease.

- 50" blade width (44" width angled)
- Can be angled left, right or used as a straight blade with easy hydraulic adjustment
- Adjustable depth guides to modify blade height
- Hydraulic lift arm, controlled by proportional switch, allows blade to float and follow ground contour or to apply down force for scraping
- Cutting edge features adjustable trip tension
- Replaceable hardened steel wear edge and shoe assembly
- Optional accessory snow deflector (shown)
- Optional accessory extension kit increases blade width to 60"
- Additional accessories for the Straight Blade are shown on pages 10 and 11

## Material Bucket

---

Handle a wide range of materials, from gravel to mulch, with precision and control. Compact design ensures maneuverability in narrow spaces without sacrificing power or capacity, making it ideal for landscaping, construction and property maintenance projects.

- 44" width; maneuvers in narrow spaces
- 9-1/2" ground clearance in raised position
- 4-cubic foot capacity
- Heavy-duty hardened steel cutting edge, cylinder guard and pivot point grease zerks
- Versatile material handling
- Hydraulically-controlled lift and tilt
- Hydraulic lift arm controlled by proportional switch allows bucket to float and follow ground contour or apply down pressure for scraping

p/n

---

1060011

## Push/Pull Box Scraper

---

Whether you're moving snow, smoothing rough terrain, grading driveways, leveling construction sites or spreading gravel and topsoil evenly, our push/pull box scraper ensures consistent results with minimal effort. Engineered for durability and ease of use, it's the go-to solution for a wide range of tasks, making your job easier and more efficient.

- 44" width; maneuvers in narrow spaces
- Rotates 90-degrees to change from pulling to pushing material
- Adjustable shoes
- Dual cutting edges
- Quick and easy attachment
- Hydraulically-controlled lift and tilt
- Hydraulic lift arm controlled by proportional switch allows push/pull box scraper to float and follow ground contour or apply down pressure for scraping

p/n

---

1060009

## Pallet Forks

---

Altoz adjustable width Pallet Forks are a versatile attachment with the ability to move a wide range of materials and goods on construction sites, in warehouses, farms and landscaping projects easily and efficiently with 360-degree visibility.

- 36" fork length
- 8" to 34" adjustable fork width
- Level lifting height 14"

p/n

---

1060010

## All-Weather Cab

---

Say goodbye to wet, frozen controls and be protected from the elements with the All-Weather Cab for the Switch Compact Tool Carrier. Our all-weather enclosure shields you from harsh elements, keeping you dry and comfortable, even in the toughest conditions.

- Effortless installation and removal
- Convenient access and exit
- Enhanced 360-degree visibility from all angles
- Maximum visibility through large, durable clear vinyl side panels and hardened front acrylic window

p/n

2950000

## Windscreen Kit

---

The Altoz Windscreen Kit adds a simple layer of comfort for the operator by reducing direct wind exposure while operating. This low-profile screen helps cut down on wind and light debris during operation--especially useful on cooler days or when working at faster speeds.

- Low-profile screen reduces direct wind exposure
- Helps deflect light debris for added operator comfort
- Maintains clear visibility with minimal obstruction
- Easy to install and remove as needed

p/n

2520000

## Rear Attachment Mount

Engineered for easy installation, the Rear Attachment Mount seamlessly integrates with the Switch, providing a sturdy platform for mounting multiple attachments. From drop spreaders to sprayer kits, rear weight box and more, the Rear Attachment Mount is designed to accommodate a range of attachments and accessories, ensuring that the Switch remains adaptable to evolving landscaping and maintenance needs.

- Easy installation
- Versatile compatibility - designed to work with multiple attachments
- Heavy-duty steel
- Powder-coated for durability

p/n

2520003

## TerraFlex™ Switch Tracks

TerraFlex Tracks are engineered to deliver superior traction, stability, and a smooth ride—even in the most demanding environments. Whether you're navigating rugged terrain, muddy fields or uneven job sites, we've got the tread pattern to match your needs.

### TerraFlex T-Tread Pattern

Our T-tread is a balanced pattern designed specifically for the Switch Tracked Compact Tool Carrier. A combination of traction and durability makes this pattern suitable for a wide range of applications and terrain. It mitigates track wear with fewer edges that prolongs the life of the track. The angled design keeps dirt, mud and debris cleared from the track so that the machine maintains consistent traction.

- Minimize ground damage while turning
- The "T" pattern offers a smooth ride
- The perfect choice for applications where protecting the ground is a priority.

### TerraFlex AT Tracks

The Z-Lug tread pattern is intended for applications that require extra traction. The high count of edges molded into this pattern creates more friction between the track and the ground. This provides better handling in specific situations such as when working on steep slopes, snow or ice. If maximum traction is needed, we recommend choosing a Z-Lug pattern for your equipment.

- Great for mixed or firm terrain
- Enhanced lateral stability
- Reduced vibration for operator comfort

TerraFlex Track, T-Tread Pattern, p/n 5500099

TerraFlex AT Track, Z-Lug Tread Pattern, p/n 5500113

Description	p/n

## Rear Weight Box

This accessory is your key to stability and performance. Engineered for versatility and durability, this accessory enhances the traction and balance of the Switch Compact Tool Carrier, ensuring optimal maneuverability and control. When you need to tackle heavy loads the rear weight box provides space to add additional weight to maintain stability and maximize traction. Install easily and built with rugged construction.

- Dimensions 30" x 8" x 12" deep
- Provides 1.7 cubic feet
- Easy manual dump
- Durable, powder-coat painted finish
- Requires Rear Attachment Mount (p/n 2520003), sold separately

p/n

2500795

## Trailer Mover

The Altoz Switch Trailer Mover is ideal for maneuvering trailers and implements easily and quickly at work or home. With 360-degree visibility and tight-turning capability, the Switch, combined with the Trailer Mover, simplifies the task of moving trailers with precision and ease.

- Adjustable receiver hitch positions
- Accepts 2" ball mount trailer hitch (not included)
- Installs easily
- Durable, powder-coat painted finish

p/n

2500796

## Strobe Light Kit

The ultimate solution for enhanced safety and visibility in any working environment! Designed to seamlessly integrate with the Switch Compact Tool Carrier, this strobe light kit ensures that you stand out in low-light conditions, alerting others to your presence with its powerful, attention-grabbing flashes. Gain peace of mind and maximize safety for both operators and bystanders.

p/n

2500773

## Operator Platform Cover

---

The Operator Platform Cover is designed to restrict the openings in the operator platform, preventing brush, branches or twigs from protruding through. This keeps the operator more comfortable and safer when operating in difficult terrain.

- Installs easily
- Durable, powder-coat painted finish

p/n

---

2500790

## Hand Warmer Kit **NEW**

---

Designed to easily attach to the Switch compact tool carrier, the hand warmer kit keeps your hands warm and nimble, even in the coldest conditions. It's the perfect accessory for operators who refuse to let cold slow them down. Kit includes all necessary hardware for installation.

p/n

---

2500774

## Wide Track Front Suspension Arms **NEW**

---

The Wide track front suspension arms are engineered to be easily installed on the Switch compact tool carrier. By utilizing these suspension arms, you widen the track stance to 52", thereby enhancing its stability and making it more capable of handling challenging tasks.
