

ALTOZ®
ALWAYS AHEAD®

2023 ZERO TURN MOWERS

THE POWER OF ALTOZ ***INNOVATION***

Get on an Altoz.

Altoz innovation waits for no one and that's why we're always ahead. Our tracked machines keep revolutionizing the industry, making your day safer, more productive and more comfortable.

When you use an Altoz mower, you'll do more and go further.

See what's possible when you get on an Altoz.

TRACKED MOWERS

TSX SERIES

The world's first tracked stand-on mower.

TSX 561 i

The **TSX 561 i** secures difficult terrain jobs others can't mow safely by combining the fast maneuverability of a stand-on mower with the unmatched steep terrain mowing of an Altoz track system.

REAR TORSION AXLE SUSPENSION

Allows the track to follow the contour of the ground for better traction, stability and ride. The rider platform is suspended, featuring a gas shock with adjustable coil spring.

RESPONSIVE, SMOOTH TRANSMISSION

High-performance commercial Hydro-Gear® PR 16cc pumps and Parker® TF 195cc wheel motors deliver quick response to the rear Altoz track system and smooth control for cutting speeds up to 10 mph.

Patented track system

Power through the harshest conditions and rough terrain with the rear-mounted torsion axle suspension and bridging capabilities of the track system.

TRACK BENEFITS

The TSX's tough tracks bridge over uneven terrain and provide a smooth, comfortable ride on rough ground.

POWERFUL ENGINE

29.5 hp Kawasaki FX 852cc engine with integrated electronic throttle control powers through tough mowing conditions. EFI fuel management adjusts power to load, keeping blade tip speed constant and ground speed steady.

WET AREAS

More control for mowing around water features, ditches and low areas.

SLOPES

Mow slopes safely with high traction and minimal compaction.

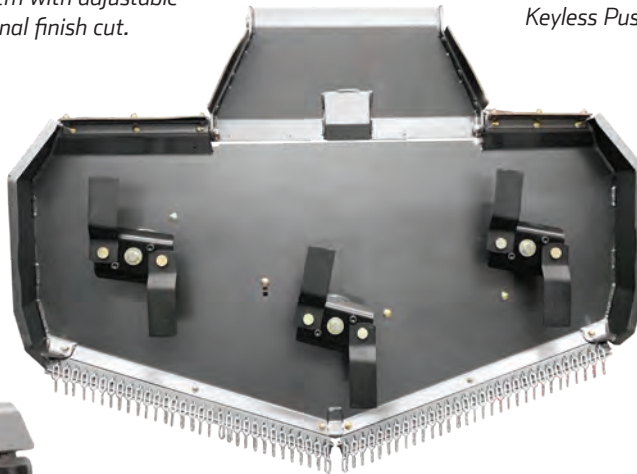

SMARTRAC PRO CONTROL

The **SmartTrac™ Pro** control features a solid-state PTO switch, patented SoftStart clutch control that decreases mechanical wear and significantly increases deck belt lift, a keyless push-to-start ignition, a large multifunction LCD screen and 6 ultra-bright status LEDs.

EXCLUSIVE DECK OPTIONS

Equipped with Altoz's exclusive 61" HV All-terrain Deck for rough cutting or 61" Aero Deck cutting system with adjustable baffles for a professional finish cut.

Shown with All-terrain Deck. Also available with Aero Deck™ Finish Cut Deck.

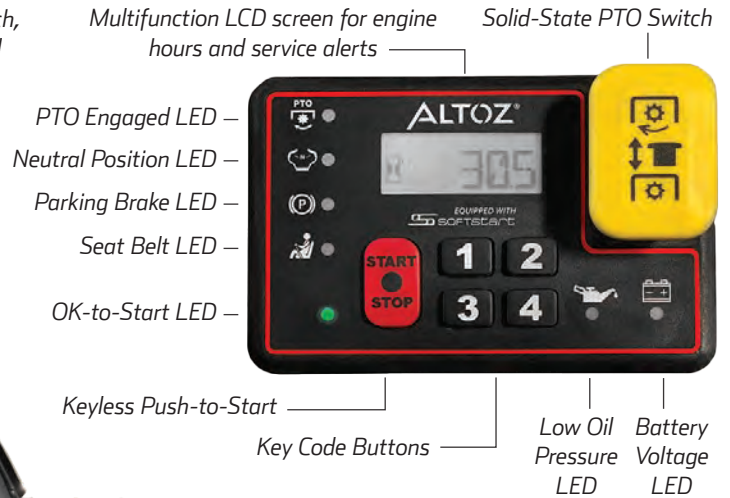

HV ALL-TERRAIN DECK

The Altoz HV All-terrain Deck is offset and constructed of industry-exclusive 7-gauge laminated steel with six swing blades and a sloped back rear discharge that can process a high volume of material and allows for a closer cut underneath and around immobile objects. Our proprietary pivoting blades are forged and heat-treated for exceptional, long-lasting sharpness.

FINISH CUT AERO DECK™

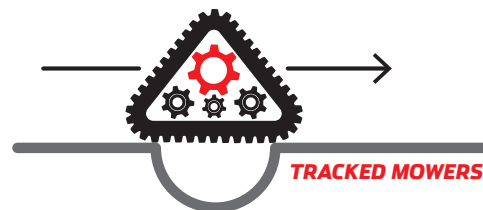

Exclusive Finish Cut Aero Deck is .315-inch fabricated steel and features fully adjustable baffles, enabling you to customize your cut to various grass conditions.

SMARTRAC/PRO

TRACK OPTIONS

All-terrain Tracks are ideal for side hilling, mud and rough areas other mowers can't reach. Optional Turf Tracks are less aggressive and perfect for soft ground, rolling hills and sensitive terrain.

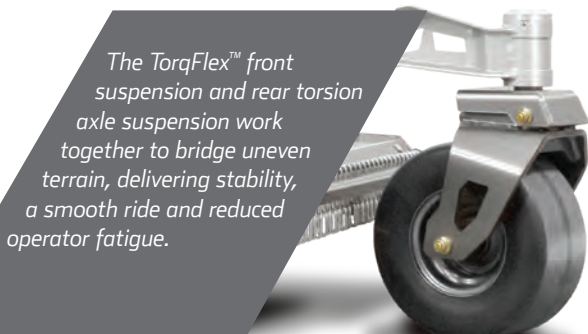

See our full line of TSX models

TALL GRASS & UNRULY TERRAIN

Reclaim your property and tame even the harshest terrain.

TRX SERIES

When you find yourself in the rough.

TRX 766 i SERIES

The **TRX 766 i SERIES** offers the ultimate workhorse for the toughest, most challenging terrain and environments. The high traction from the TRX track system allows for better control, especially on slopes.

FOLDABLE PROTECTION SYSTEM

Our roll-over protection system can be easily folded down to avoid low hanging limbs.

REAR TORSION AXLE SUSPENSION

Allows the track to follow the contour of the ground for better traction, stability and ride.

Combined with our suspension system, the 12-way adjustable high-back suspension seat with arm rests delivers the industry's smoothest ride.

DUAL FUEL TANKS

Two 7-gallon tanks mean fewer stops for refueling

TRACK OPTIONS

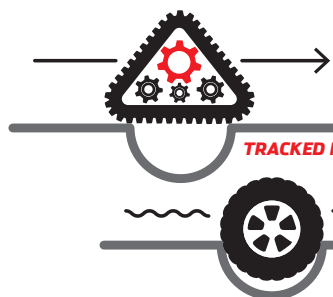

All-terrain Tracks are ideal for side hilling, mud and rough areas other mowers can't reach. Optional Turf Tracks are less aggressive and perfect for soft ground, rolling hills and sensitive terrain.

Patented track system

Shown with All-terrain Deck

TRACK BENEFITS

The TRX's tough tracks bridge over uneven terrain and provide a smooth, comfortable ride on rough ground.

FLAT-FREE FRONT TIRES

Power through the harshest conditions, even rough terrain and sharp debris, with flat-free tires and rear-mounted track system.

WET AREAS

More control for mowing around water features, ditches and low areas.

SLOPES

Mow slopes safely with high traction and minimal compaction.

SMARTRAC PRO CONTROL

The **SmartTrac™ Pro** control features a solid-state PTO switch, patented SoftStart clutch control that decreases mechanical wear and significantly increases deck belt lift, a keyless push-to-start ignition, a large multifunction LCD screen and 6 ultra-bright status LEDs.

66" FINISH CUT AERO DECK™

Exclusive Finish Cut Aero Deck is .315-inch fabricated steel and features fully adjustable baffles, enabling you to customize your cut to various grass conditions.

HEAVY DUTY TRANSMISSION

Heavy-duty, commercial Hydro-Gear® ZT-5400 dual range transmissions. Planetary final drive gear reduction delivers maximum torque and durability.

The TRX's TorqFlex™ front suspension and rear torsional axle suspension work together to bridge uneven terrain, delivering stability, a smooth ride and reduced operator fatigue.

TALL GRASS & UNRULY TERRAIN

Reclaim your property and tame even the harshest terrain.

66" HV ALL-TERRAIN DECK

The optional HV All-terrain Deck is made of heavy-duty, reinforced steel with six swing blades and a sloped back rear discharge to efficiently process material. Industry-exclusive pivoting blades are forged and heat-treated for exceptional, long-lasting sharpness.

38.5 HP EFI ENGINE

The TRX 766 i features a powerful and efficient 38.5 hp EFI engine enhanced with electric governor and powerful torque curve to maximize overall performance, fuel economy and provide reliable starting.

Kawasaki™ FX1000V is the most powerful EFI engine yet for higher productivity and business-building potential.

TRX 561 i

The **TRX 561 i** is a perfect solution for municipalities, golf courses, schools, lawn care professionals and large property owners.

SMARTRAC PRO CONTROL

The **SmarTrac™ Pro** control features a solid-state PTO switch, patented SoftStart clutch control that decreases mechanical wear and significantly increases deck belt lift, a keyless push-to-start ignition, a large multifunction LCD screen and 6 ultra-bright status LEDs.

TRACK OPTIONS

All-terrain Tracks (standard on TRX 561 i) are ideal for side hilling, mud and rough areas other mowers can't reach. Optional Turf Tracks are less aggressive and perfect for soft ground, rolling hills and sensitive terrain.

Optional Turf Tracks

Shown with All-terrain Tracks

Not all features are available on all models. Check the specifications table or ask your dealer for details.

Tapered heavy duty caster bearings with a 1-1/4" shaft, combined with a 3/8" thick steel front wheel fork ensure lasting performance in demanding environments.

The exclusive Aero Deck is .315-inch fabricated steel and features fully adjustable baffles, enabling you to customize your cut to various grass conditions.

61" FINISH CUT AERO DECK™

Exclusive Finish Cut Aero Deck is .315-inch fabricated steel and features fully adjustable baffles, enabling you to customize your cut to various grass conditions.

TORQFLEX™ SUSPENSION

TorqFlex front suspension delivers stability, a smooth ride and reduced operator fatigue.

FLAT-FREE FRONT TIRES

Power through the harshest conditions, even rough terrain and sharp debris, with flat-free tires and rear-mounted track system.

TRX 354

With its standard Turf Tracks, the capable **TRX 354** is ideal for multi-acre homeowners, outdoorsmen & ag professionals.

TALL GRASS & UNRULY TERRAIN

Reclaim your property and tame even the harshest terrain.

SLOPES

Mow slopes safely with high traction and minimal compaction.

WET AREAS

More control for mowing around water features, ditches and low areas.

TRACK OPTIONS

Turf Tracks (standard on TRX 354) are less aggressive and perfect for soft ground, rolling hills and sensitive terrain. Optional All-terrain Tracks are ideal for side hilling, mud and rough areas other mowers can't reach.

54" FINISH CUT AERO DECK™

Exclusive Finish Cut Aero Deck is .315-inch fabricated steel and features fully adjustable baffles, enabling you to customize your cut to various grass conditions.

REAR TORSION AXLE SUSPENSION

Allows the track to follow the contour of the ground for better traction, stability and ride.

FLAT-FREE FRONT TIRES

Power through the harshest conditions, even rough terrain and sharp debris, with flat-free tires and rear-mounted track system.

Kawasaki™ 4-stroke engines are available in 29.5 hp EFI (TRX 561 i) and 24 hp (TRX 354).

The Altoz Independent Front Suspension (IFS) smooths out rough terrain for superb comfort and control. Available as an accessory on TRX 354 model.

WHEELED MOWERS

XC SERIES

With a powerful and dynamic design, you get comfort and unmatched performance.

The **XC Series** are heavy-duty zero turn mowers with a unique combination of a high horsepower engine, Hydro-Gear transmission and 26" tires. Together they deliver speed, handling and cut quality so you get more done in less time.

AERO DECK™ CUTTING SYSTEM

Our exclusive Aero Deck is .316-inch fabricated steel and features recessed anti-scalp wheels and fully adjustable baffles for a professional-grade cut every time. Available in 61" and 72" deck sizes.

SmarTrac™ Monitoring System features a tachometer and resettable hour meter, with alerts for low oil pressure and overheating.

RIDER COMFORT

4-Point Engine Isolation System (EIS) isolates and absorbs engine vibrations for greater rider comfort. 6-Point Vibration Isolation System (VIS) isolates seat and foot wells protect rider from ground vibrations.

12-way adjustable high-back suspension seat with arm rests and TorqFlex suspension work together to deliver the industry's smoothest ride.

TWIN FUEL TANKS

14-gallon capacity for extended cutting times.

POWER DECK LIFT

Conveniently located steering lever mounted control allows for quick and easy deck height adjustments without having to take your hand off the steering lever.

QUICK SCAN
TO LEARN MORE

BUILT FOR SPEED

With dual-range Hydro-Gear 5400 high/low transmissions and a top transport speed of 19 mph, the Altoz XC series can get the job done...and get you to the next job fast.

The TorqFlex™ suspension system glides over tough terrain and isolates chassis and rider from ground chatter for greater rider comfort.

Heavy-duty, commercial Hydro-Gear® ZT-5400 dual range, smooth-running transmissions.

XP HD SERIES

Zero turn. Zero compromise. Engineered to deliver maximum performance in demanding conditions.

The **XP HD Series** is engineered for reliability and a precise cut, designed for people who rely on their equipment to deliver nothing less than perfection.

Featuring Kawasaki FX engines with 27 hp (XP 540/610 HD) and 35 hp (XP 660/720 HD), or Kawasaki FX EFI engine with 29.5 hp (XP 610 HDi).

SMARTRAC PRO CONTROL

The **SmarTrac™ Pro** control features a solid-state PTO switch, patented SoftStart clutch control that decreases mechanical wear and significantly increases deck belt lift, a keyless push-to-start ignition, a large multifunction LCD screen and 6 ultra-bright status LEDs.

FOLDABLE PROTECTION SYSTEM

Our roll-over protection system can be easily folded down to avoid low hanging limbs.

ANTI-SCALP WHEELS

Recessed and adjustable.

Our exclusive **Aero Deck™** is .315-inch fabricated steel & features fully adjustable baffles enabling you to customize your cut to various grass conditions. Available in 54", 61", 66" & 72" widths.

Tapered heavy duty caster bearings with a 1-1/4" shaft, combined with a 3/8" thick steel front wheel fork ensure lasting performance in demanding environments.

Commercial-grade Hydro-Gear® 4400 transmissions ensure smooth, reliable and responsive operation.

LEAVE ORDINARY BEHIND

Commercial grade performance and cut quality when nothing less will do.

XE SERIES

The XE Series is rugged, reliable and built to endure.

SOLID WORK PERFORMANCE

24 hp FS Series Kawasaki engine is designed with reliable power for tough mowing needs.

RIDER COMFORT

Comfort seat with high back, arm rests and fore and aft adjustment. The XE SS model comes equipped with a 12-way adjustable suspension seat.

TWIN FUEL TANKS

10-gallon capacity for extended cutting times.

PRECISE HANDLING

Commercial-grade Hydro-Gear® 3200 transmissions ensure smooth, reliable and responsive operation.

LOW IMPACT

Tires designed to lessen terrain impact and provide a smoother ride.

XR SERIES

The XR Series is the perfect mower for discerning homeowners who take as much pride in their equipment as they do in their lawn.

PROFESSIONAL-GRADE POWER

23 hp FR Series Kawasaki engine delivers smooth power output.

INCREASED VISIBILITY

Low-profile front frame viewport allows for improved operator sight.

BUILT TO COMMERCIAL STANDARDS

With its laser-cut steel chassis, fabricated cutting deck and heat dissipating deck spindles, the XR is built to perform.

PRECISE HANDLING

Cut with speed and precision around trees, flowerbeds and other obstacles with the XR's responsive, commercial-grade Hydro-Gear® 3100 transmissions.

AERO DECK™ CUTTING SYSTEM

48", 54" or 61" signature Deep-Deck design with adjustable baffles creates optimal vacuum for maximum grass lift, resulting in an exceptional cut.

QUICK SCAN
TO LEARN MORE

XE SS and XR SS models feature a double arm adjustable coil spring over gas shock front suspension. Available as an accessory on other XE and XR models.

ACCESSORIES

COLLECTION SYSTEM WITH DUMP BOX

Large-capacity collection system is an effective and efficient way to collect grass clippings and leaves. The dump box hopper holds up to 12 cubic feet and allows the operator to release contents right from the mower seat.

UTILITY PLOW / SPREADER

Hydraulic utility plow with 7-gauge trip frame superstructure; features an adjustable 72" moldboard with 48" trip frame. Spreader is ideal for light rock salt, fertilizers and fine material grade applications.

Available for TRX 766 i only.

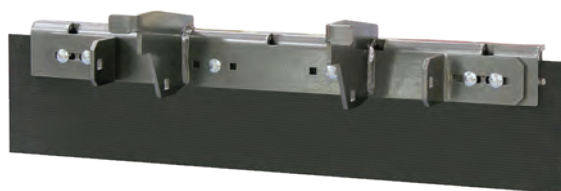

HITCH & RECEIVER HITCH KITS

Our standard hitch features a 5/8" opening for drop pin (available for all models). Our super-strong receiver hitch features standard 1-1/4" x 1-1/4" trailer hitch receiver.

LAWN STRIPING KIT

Stripe or create more complex patterns in the lawns you mow. Includes flexible rubber striper and all mounting hardware.

Available for XE, XR and TRX 354 models.

Independent front suspension kit is the industry's first parallel twin A-arm front suspension. Features finely-tuned adjustable coil springs over gas shocks.

Operator-controlled **discharge cover** allows you to open and close the outlet quickly while mowing.

LARGE-CAPACITY COLLECTION SYSTEM

Large-capacity collection system is an effective and efficient way to collect grass clippings and leaves. Capacity of 15 cubic feet on TRX, XC and XP HD models; 10 cubic feet on XE and XR models.
