

TRX 354

ALTOZ[®]
ALWAYS AHEAD[®]

MADE IN THE
USA

TRX 354 Zero-Turn Mowers

12-way adjustable
suspension seat

Flat-free tires

Torsion axle with
patent-pending track
system

Aero Deck system
with adjustable baffles

PRODUCTIVITY DESIGN FEATURES

Maximum Performance Engine – Kawasaki® FX 27 hp
Large Capacity Fuel Tanks – 10 gallons for hours of work without stops

Tough Tracks – The TRX turf track system delivers maximum traction for stability with an 11 in. wide track and low ground pressure for minimal earth compaction

Flat-Free Tires – Keep your machine rolling over the toughest conditions, these semi-pneumatic tires never go flat

AERO DECK™ FINISH CUT MOWER DECK

Aero Deck™ Cutting System – High output cutting and mulching system features heat-dissipating spindles and adjustable baffles

Engineered Performance – Deep-deck design with non-obstructive internal surfaces creates optimal airflow for maximum grass lift, superior cutting uniformity, reduced clumping and efficient grass processing

Available Deck Width – 54 in.
Targeted Blade Tip Speed – 18,500 fpm
Height-of-Cut / Increment – 2.25 in. to 5.0 in. / .25 in. increments

DIMENSIONS

TRX 354 – 81" x 55" x 76"
Dimensions are length x width (deck) x height ROPS up

ACCESSORIES

Collection System, Receiver Hitch, Standard Hitch, Front Receiver Hitch, Independent Front Suspension, Discharge Cover, Lawn Striping Kit, Light Kit, Mulch Kit

TOUGHNESS

Frame – Durable C-Channel Frame Rails are laser-cut and formed from heavy-gauge steel for maximum strength and rigidity

Drive System – Hydro-Gear® ZT-3400 transmissions

Deck – Exclusive Aero Deck™ - fabricated steel with anti-scalp wheels

Deck Spindles – Massive heat-dissipating aluminum housings with sealed commercial bearings for strength and durability

Fork Castors – Heavy-duty bearings; sealed and permanently lubricated

PTO Clutch – 200 ft-lb torque

Belt Idlers – Sealed bearing belt idler system

Electrical Connections – Delphi® industrial watertight connectors

Fold-away ROPS – Integrated design enhances the style and overall fit and function

OPERATOR COMFORT FEATURES

Exclusive Front Frame Viewport – Notch design provides improved visibility and sight line

Seat – 12-way adjustable high-back, suspension seat with arm rests, operator weight adjustment, lumbar adjustment, fore and aft adjustment

Rear Torsion Axle Suspension – 11" wide tracks bridge over uneven ground and the roughest terrain

Easy-to-read optional slope meter takes the guess work out of slope gradient assessment.

Power through the harshest conditions and rough terrain with the rear-mounted torsional axle and turf track system.

Optional Independent Front Suspension (IFS) smooths out rough terrain for superb comfort and control.
